## 12. DROP BAGS

- 12.1. Each participant of Ohrid Ultra-Trail 105K can leave a bag (provided by the organizer) with a change of clothes to use at the CP8 Spiridon 66,7km. Once filled with his/her clothes and closed, the provided sticker must be put on the bag and it can be deposited to the designated place in the BIB distribution zone at the OUT EXPO- Sports Hall Biljanini Izvori, Ohrid until 21.00h. Drop Bags may be collected at the finish upon presentation of race bib.
- 12.2. Participants are advised not to place objects of value in the bags; the organizers accept no liability for any theft, loss or damage of bags or their contents.
- 12.3. Only official bags with stickers provided before race start 100K will be transported to the finish.
- 12.4. The Organizers will not send uncollected bags to participants' home addresses. Bags that are not collected two days after race ends will be immediately destroyed for reasons of hygiene.

## 13. RACE ROUTE

- 13.1. Ohrid Ultra-Trail race routes require the ability to run on particular kinds of terrain, trails and impervious or treacherous paths (slopes with rocky outcroppings or debris) that are sometimes without barriers.

- 13.2. Should adverse weather conditions occur or one or more paths become inaccessible, alternative routes will be outlined at the event website [www.ohridultratrail.com](http://www.ohridultratrail.com)
- 13.3. Race kilometers are not marked. Participants should strictly adhere to the marked race route and avoid taking shortcuts or cutting out sections of the route. Any departures from the official route may lead to time penalty or disqualification.

## 14. INSURANCE

- 14.1. Participants are highly recommended to take out a valid individual insurance policy that covers find and rescue costs as well as incurring medical costs.
- 14.2. Participants are responsible for handing over their personal file to their insurance company if necessary, within the given timeframe.

## 15. SAFETY

- 15.1. Members of the Organization and the Mountain Rescue Teams, in constant contact with Race HQ, will be positioned along the race route. Paramedics shall be positioned at different points along the race route, but also at the start and finish. In case of injury or other necessity, athletes will have to call the SOS phone provided by the organizer on the Race bib. If they are in an area which is not covered by mobile phone signal, they will have to convey the message to the nearest checkpoint – so that actions can be taken as soon as possible.
- 15.2. However, by considering the inaccessible terrain and unforeseen mountain weather, the first responders to such events are the participants themselves. Therefore, each participant is obliged to stop his/her race and to be actively involved in the assistance and rescue of other injured runners.
- 15.3. In order to preserve the safety and health of participants, race officials and medical personnel have the right to stop the race and exclude those participants who have been assessed that are no longer able to continue the race.
- 15.4. Participants are required to follow instructions from the race director, race officials and medical teams. Any violation of these guidelines will lead to the disqualification, and if he/she decides to continue at all costs, the organizer assumes no responsibility for possible consequences.
- 15.5. Each participant that has any disease or medical condition is advised to consult a specialist for permission to participate in the races, and they also must notify the organizer of the race.

## 16. ROUTE MARKINGS

- 16.1. The routes are marked with flags, printed PVC tape, and semi-permanent sign posts, as well as detailed info boards at each aid station. The race routes may be downloaded from [www.ohridultratrail.com](http://www.ohridultratrail.com) in kml or gpx file formats to be used on smartphones and GPS devices.
- 16.2. If you do not see official markings more than 200 meters along the trail, then you should turn back and find the last marking and the correct path.
- 16.3. WARNING: Do not rely exclusively on your sport watch data. Depending on the weather and other factors, differences up to 5% must be considered. On a 50 km course, this can sum up to a difference of over 2 km.

## 17. ENVIRONMENT PROTECTION

- 17.1. The race shall take place in the Galicica National Park - an area protected by UNESCO. Participants are therefore required to fully respect the environment, in particular by not leaving rubbish, picking flowers or disturbing the wildlife.
- 17.2. Littering is strictly forbidden (gel tubes, paper, organic leftovers, plastic wrappers...). Trash/rubbish bins are available at each aid station and they must be used. The race stewards will be checking all along the race route.
- 17.3. All participants must keep their rubbish and wrappers with them until they can throw them in the bins at an aid station. Runners should carry a bag or pouch to carry their waste until the next bin. Plastic bags for soiled paper are handed out with the race-bibs. They must be used for collecting any paper used during any urgent need along the route.
- 17.4. You must follow the paths as they are way-marked, without short-cutting them. Actually, short-cutting a path causes erosion thus damaging the site.
- 17.5. No disposable dishes (cutlery, cups, bowls) will be distributed at any check point or aid station. This is to reduce the plastic waste by runners, as well as by the volunteers of the Ohrid Ultra-Trail. We invite you to bring your own cups/flasks and utensils if you wish to eat hot meals at the aid stations.

## 18. WEATHER

- 18.1. In case of adverse weather conditions (dense fog, strong winds, snow or thunderstorms), the organizers reserve the right to make last-minute changes, even during the race, to the race route in order to eliminate potential hazards or conditions that could cause hardship for participants. The volunteers shall inform the participants of any changes.
- 18.2. The organizers also reserve the right to suspend or cancel the race if the weather conditions are such that they put participants, volunteers or medical teams at risk.

## 19. DISQUALIFICATION, PENALTIES AND APPEALS

- 19.1. Time penalty or disqualification may be applied immediately by the race director or other race officials during the race, at the finish line or after the competition has ended, given that valid proof or witness statements are obtained.
- 19.2. The following proof is considered valid for appeal: **original gpx file, photo/video with timestamp, written statements by two credible witnesses at least, either participants and/or race officials.**

- 19.3. The appeal deadline begins right after finishing and is open until 10:00am on 24.05.2026. The appeals are filed only in written form (either by hand or via email [race@ohridultratrail.com](mailto:race@ohridultratrail.com)).
- 19.4. Appeals will be reviewed by a three-membered committee made from the Race Director, the Technical Director and the Timing System Official where the final decision will be drawn.
- 19.5. Official final race results will be published within 48 hours of the last finisher on the event's website.
- 19.6. The organizer has the right to penalize or disqualify any participant even after publishing official race results (for example, due to a positive doping test or obtained proof of serious breach of rules and unfair behavior).
